

Attention Juniors!! (And Sophomores!)
THE PSAT/NMSQT
(Preliminary SAT/ National Merit Scholarship Qualifying Test)
WILL BE ADMINISTERED ON
WEDNESDAY, OCTOBER 10, 2018

This is an optional test and will be administered during the regular school day at Lakota High School. The test measures verbal reasoning, critical reading, math problem-solving and writing skills developed over many years, both in and out of school. The administration of the test will take most of the morning, beginning at 8:00 A.M.

The PSAT/NMSQT is the qualifying test for entry to the 2020 National Merit Program. This program awards approximately 8,000 Merit Scholarships throughout the nation.

Students who are planning to attend a two or four-year college are encouraged to participate. Additionally, the test will serve as excellent preparation for those students planning to take the SAT. ADDITIONAL EXPLANATORY MATERIALS AND A PRACTICE TEST ARE AVAILABLE IN THE STUDENT GUIDE NEWSPAPER. This information will be provided to students who register to take the test.

Please note:

Sophomores: You should consider taking this test as a sort of "trial run" for the test your junior year. Studies indicate that students perform better on these types of assessments when they are familiar with the format. The National Merit Scholarships are only determined by juniors' test scores, thus to qualify for the competition, you will need to take the PSAT/NMSQT again in OCTOBER 2019.

Students: More information about the test and sample questions and practice answer explanations can be found at: www.collegeboard.com/psat.

You may subscribe for FREE to The Official SAT Question of the Day at: <http://sat.collegeboard.com/practice/sat-question-of-the-day>

PLEASE NOTE: IF YOU HAVE QUESTIONS, PLEASE SEE MRS. SLOTTERBECK, SCHOOL COUNSELOR, FOR MORE INFORMATION.

FEE: \$17.00 (non-refundable)

Note: If you are a junior and qualify for free or reduced lunches, a fee waiver is available. Please discuss this confidentially with Mrs. Slotterbeck.

REGISTRATION DEADLINE: WEDNESDAY, SEPTEMBER 26, 2018.

MAKE CHECKS PAYABLE TO:

LAKOTA HIGH SCHOOL

PAYMENT AND REGISTRATION FORM SHOULD BE DELIVERED TO
MRS. EIDENOUR, IN THE MAIN OFFICE

Tear here and submit with payment-----

PSAT/NMSQT REGISTRATION

_____, grade _____, has my permission

(please print STUDENT'S name)

to take the PSAT/NMSQT on Wednesday, October 10, 2018 at Lakota High School.

Enclosed is the \$17.00 non-refundable fee for this test. (Note: Fee waivers for low-income families are only available for JUNIORS. If you are a sophomore and do not have the funds, see Mrs. Slotterbeck confidentially and we'll try to offer assistance.)

NATIONAL MERIT SCHOLARSHIP PROGRAM

The **National Merit® Scholarship Program** is an academic competition for recognition and scholarships that began in 1955. High school students enter the National Merit Program by taking the Preliminary SAT/National Merit Scholarship Qualifying Test (**PSAT/NMSQT®**)—a test which serves as an initial screen of approximately 1.4 million entrants each year—and by meeting published program entry/participation requirements.

Student Entry Requirements

To participate in the National Merit® Scholarship Program, a student must:

1. take the PSAT/NMSQT® in the specified year of the high school program
2. be enrolled full time as a high school student, progressing normally toward graduation or completion of high school, and planning to enroll full time in college no later than the fall following completion of high school; and
3. be a citizen of the United States; or be a U.S. lawful permanent resident (or have applied for permanent residence, the application for which has not been denied) and intend to become a U.S. citizen at the earliest opportunity allowed by law.

The student's responses to items on the PSAT/NMSQT answer sheet that are specific to NMSC program entry determine whether the individual meets requirements to participate in the National Merit Scholarship Program. **Score reports** provided for test takers and their schools indicate whether the student meets program entry requirements. A school official or the student should report immediately to NMSC any error or change in reported information that may affect participation.

Program Recognition

Of the 1.4 million entrants, some 50,000 with the highest **PSAT/NMSQT®** Selection Index scores (critical reading + mathematics + writing skills scores) qualify for recognition in the National Merit® Scholarship Program. In April following the fall test administration, high-scoring participants from every state are invited to name two colleges or universities to which they would like to be referred by NMSC. In September, these high scorers are notified through their schools that they have qualified as either a Commended Student or Semifinalist.

Commended Students

In late September, more than two-thirds or about 34,000 of the approximately 50,000 high scorers on the **PSAT/NMSQT®** receive Letters of Commendation in recognition of their outstanding academic promise. Commended Students are named on the basis of a nationally applied Selection Index score that may vary from year to year and is below the level required for participants to be named Semifinalists in their respective states. Although Commended Students do not continue in the competition for Merit Scholarship® awards, some of these students do become candidates for Special Scholarships sponsored by corporations and businesses.

Semifinalists

In early September, about 16,000 students, or approximately one-third of the 50,000 high scorers, are notified that they have qualified as Semifinalists. To ensure that academically able young people from all parts of the United States are included in this talent pool, Semifinalists are designated on a state representational basis. They are the highest scoring entrants in each state. NMSC provides scholarship application materials to Semifinalists through their high schools. To be considered for a Merit Scholarship® award, Semifinalists must advance to Finalist standing in the competition by meeting high academic standards and all other requirements explained in the materials provided to each Semifinalist.

Finalists

In February, some 15,000 Semifinalists are notified by mail at their home addresses that they have advanced to Finalist standing. High school principals are notified and provided with a certificate to present to each Finalist.

Winner Selection

All winners of Merit Scholarship® awards (Merit Scholar® designees) are chosen from the Finalist group, based on their abilities, skills, and accomplishments—without regard to gender, race, ethnic origin, or religious preference. A variety of information is available for NMSC selectors to evaluate—the Finalist's academic record, information about the school's curricula and grading system, two sets of test scores, school official's written recommendation, information about the student's activities and leadership, and the Finalist's own essay.

Types of Merit Scholarship® Awards

Beginning in March and continuing to mid-June, NMSC notifies approximately 8,200 Finalists at their home addresses that they have been selected to receive a Merit Scholarship® award. Merit Scholarship awards are of three types:

- National Merit® \$2500 Scholarships**
Every Finalist competes for these single payment scholarships, which are awarded on a state representational basis. Winners are selected without consideration of family financial circumstances, college choice, or major and career plans.
- Corporate-sponsored Merit Scholarship awards**
Corporate sponsors designate their awards for children of their employees or members, for residents of a community where a company has operations, or for Finalists with career plans the sponsor wishes to encourage. These scholarships may either be renewable for four years of undergraduate study or one-time awards.
- College-sponsored Merit Scholarship awards**
Officials of each sponsor college select winners of their awards from Finalists who have been accepted for admission and have informed NMSC by the published deadlines that the sponsor college or university is their first choice. These awards are renewable for up to four years of undergraduate study. Merit Scholarship awards are supported by some 500 independent sponsors and by NMSC's own funds. Sponsor organizations include corporations and businesses, company foundations, professional associations, and colleges and universities.

Special Scholarships

Every year, some 1,500 National Merit® Program participants, who are outstanding but not Finalists, are awarded Special Scholarships provided by corporations and business organizations for students who meet the sponsor's criteria. To be considered for a Special Scholarship, students must meet the sponsor's criteria and entry requirements of the National Merit Scholarship Program. They also must submit an entry form to the sponsor organization. Subsequently, NMSC contacts a pool of high-scoring candidates through their respective high schools. These students and their school officials submit detailed scholarship applications. A committee of NMSC professional staff evaluates information about candidates' abilities, skills, and accomplishments and chooses winners of the sponsor's Special Scholarships. These scholarships may either be renewable for four years of undergraduate study or one-time awards.

What does the PSAT/NMSQT measure?

The PSAT/NMSQT measures critical reading, math problem-solving and writing skills developed over many years, both in and out of school. You will not have to recall facts from literature, history or science or complete math formulas, as this test measures your reasoning and critical thinking skills.

Why take the test?

- Get feedback about critical academic skills
- Prepare for the SAT
- Start getting ready for college
- Enter scholarship competitions and recognition programs
- Receive information from colleges through the Student Search Service
- Get specific suggestions on how to improve your academic skills

Who should take the PSAT/NMSQT?

Typically, students take the PSAT/NMSQT in grade 11 of high school. It is also beneficial for younger students to take the test to get a head start on improving academic skills needed for success in college and beyond. Last year, more than half of all test-takers in the nation were in grade 10.

If students don't do well on the test, will it hurt their chances of getting into college?

Absolutely not. If anything, the PSAT/NMSQT will improve their chances, since it provides personalized information on the types of skills that the student need to improve to prepare for the SAT and college. PSAT/NMSQT scores are not sent to colleges.

When can we expect to see the results from the PSAT/NMSQT?

Schools will receive score reports in late December. The College Board will notify students regarding how to get their individual reports online.

What should I bring on test day?

- No.2 pencils and eraser
- Approved calculator
- Social security number (optional)
- E-mail address (optional)

Online preparation and resources:

Go to www.collegeboard.com/psat for sample questions and practice test answer explanations.

(See reverse for more information pertaining to the NMSQT.)
